Subject Index to Volume 14

- Acromegaly
 due to pituitary adenoma and
 phaeochromocytoma, 605
- Addison's disease
 and hypercalcaemia, 419
 cortisol and ACTH in, 451
 met-enkephalin analogue in, 471
- Adenoma
 pituitary, with phaeochromocytoma in acromeg-
 aly, 605
- Adrenocorticotrophin
 in Addison's disease, 451
 suppressibility and adrenocortical tumour, 325
- Alcoholism
 thyroid hormones and thyroxine binding globulin
 in, 113
- Aldosterone
 diurnal studies of, 213
 in cirrhosis, 355
 in premenstrual syndrome, 1
- Aldosteronism
 effect of body posture on electrolytes in, 613
- Alopecia
 resistance to Vitamin D, 395
- 1-alpha-hydroxy-derivatives
 in treatment of chronic renal failure, 225
- 17-alpha-hydroxy progesterone
 in adrenal hyperplasia, 547
- 5-alpha-reductase
 deficiency, in pseudohermaphroditism and
 hypothyroidism, 459
- Amenorrhoea
 and Cushing's syndrome, 539
- Androgen
 effect of oestrogens on adrenal—, 311
 replacement with testosterone undecanoate, 49
- Angioedema
 SHBG levels in treatment with Danazol, 563
- Beta-endorphin
 in pregnancy, 409
- Beta-lipotrophin
 in pregnancy, 409
- Body posture
 effect of change on electrolytes in aldosteronism,
 613
- Bromocriptine
 effect on prolactinoma, 335
 suppression of lactalbumin, 363
- Captopril
 and spironolactone treatment in Conn's syn-
 drome, 105
- Chlorpromazine
 prolactin response to, 375
- Cirrhosis
 aldosterone secretion in, 355
- Conn's syndrome
 with renal impairment and hypertension, 105
- Corticoid binding globulin, 193
- Cortisol
 diurnal studies of, 213
 in Addison's disease, 451
- Craniopharyngioma
 growth hormone treatment in, 587
- Cushing's syndrome
 and gonadotrophin levels, 23
 due to bilateral nodular adrenal hyperplasia, 519
 effect of met-enkephalin analogue in, 471
 presenting as amenorrhoea and hyperprolac-
 tinaemia, 539
 remission of following metyrapone, 485
- Danazol
 in angioedema, 563
- Diabetes
 effect of insulin on gastro inhibitory polypeptides
 in, 175
 basal plasma glucose as index, 279
- 1,25-dihydroxycholecalciferol
 non-response to parathyroid hormone, 403
- Dopamine
 control of ketogenesis, 479
 regulation of TSH release from prolactinomas,
 133
- Electrolytes
 effect of body posture on, 613
- Endocrine function
 in thalassaemia, 165
- Endorphins
 and the menstrual cycle, 287
- Erythrocyte insulin receptors
 and monocyte insulin receptors, 269
- Ethinylloestradiol
 effect on gonadotrophins, testicular steroids and
 SHBG, 237
- Follicle stimulating hormone
 opioid control of release, 41
- Fibrous dysplasia
 polyostotic, hypothalamic-pituitary function,
 435
- Gastric inhibitory polypeptide
 effect of insulin on, 175

- Gastrin
in thyrotoxic patients, 125
- Glucose
basal plasma level index in diabetes, 279
- Glucocorticoids
indicating response to metyrapone, 31
- Gonadal dysfunction
and prolactin pulsatility, 387
- Gonadotrophin
deficiency, prolactin response to metoclopramide
and chlorpromazine, 375
- Gonadotrophins
effects of ethinyl oestradiol, 237
effects of oestrogen, 257
in Cushing's syndrome, 23
resistant ovary syndrome, 99
- Graves' disease
LATS-P and prediction of relapse in, 509
effect of partial thyroidectomy on LATS protector, 181
thyroid hormones and methimazole in, 555
thyroid stimulating antibodies in, 579
- Graves' immunoglobulins
binding to thyroid membranes, 301
- Graves' ophthalmopathy
to detect orbital antibodies in, 153
- Growth hormone
opiate control of, 381
secretion in hepatic encephalopathy, 189
treatment in craniopharyngioma, 587
- Haemagglutination
failure to detect orbital antibodies, 153
- Hepatic encephalopathy,
GH secretion in, 189
- Hypercalcaemia
with idiopathic hypoparathyroidism, 419
- Hypercholesterolaemia
familial, with primary hypothyroidism, 145
- Hyperplasia
adrenal
and Cushing's syndrome, 579
17 α -hydroxyprogesterone in, 547
reversible infertility, 571
adrenocortical
and inadequate ACTH suppressibility, 325
- Hyperprolactinaemia
and Cushing's disease, 539
- Hypertension
with Conn's syndrome and treatment of, 105
- Hyperthyroidism
partial thyroidectomy in, 597
- Hypogonadism
effects of LHRH analogue in, 93
testosterone undecanoate in, 625
- Hypoglycaemia
neural control mechanism in, 425
- Hypothalamic-pituitary function
comparison of tests of, 133
in polystotic fibrous dysplasia, 435
- Hypothyroidism
 α -reductase deficiency in, 459
prevalence of various degrees of, 69
primary, and hypercholesterolaemia with, 145
- Hypoparathyroidism
and Addison's disease, 419
- Immunofluorescence
failure to detect orbital antibodies, 153
- Infertility
reversible, due to adrenal hyperplasia, 571
- Insulin
and fasting gastric inhibitory polypeptide, 175
- Iodine
deficiency in neonatal thyroid function, 295
- Iodothyronines
in obesity, before and after jejuno-ileal bypass,
119
- Jejuno-ileal bypass
in obesity, 119
- Ketogenesis
dopaminergic control of, 479
- Lacrimal gland
involvement in hypothyroidism and Riedel's
struma, 63
- Lactalbumin
peak with lactogenesis, 363
- Lactation
levels of prolactin in, 349
- Lactogenesis
suppression by bromocriptine, 363
- Long acting thyroid stimulator
in thyrotoxicosis, 631
- Long acting thyroid stimulator protector
and thyroidectomy for Graves' disease, 181
in thyrotoxicosis, 631
prediction of relapse in Graves' disease, 509
- Luteinizing hormone
opioid control of release, 41
- Luteinizing hormone releasing hormone analogue
treatment of hypogonadotrophic hypogonadism,
93
- Metabolic response
to thyroidectomy in propranolol-treated patients,
445
- Met-enkephalin
analogue effect of ACTH, β -LPH, β -endorphin

- and met-enkephalin in adrenocortical disease, 471
- effect on LH and FSH release, 41
- Methimazole,
 - in Graves' disease, 555
- Metoclopramide
 - prolactin response to, 375
- Metyrapone
 - in treatment of Cushing's syndrome, 485
 - response to, 31
- Mineralocorticoids,
 - indicating response to metyrapone, 31
- Monocyte insulin receptors
 - and erythrocyte insulin receptors, 269
- Myocardial infarction
 - thyroid hormones in, 367
- Naloxone
 - effect on LH and FSH release, 41
- Neurotensin
 - radioimmunoassay for, 159
- Noradrenaline
 - diurnal studies of, 213
- Oestradiol
 - in premenstrual syndrome, 1
- Oestrogen
 - and pubic hair growth, 311
 - effect on adrenal androgen secretion, 311
 - effect of gonadotrophin in the puerperium, 257
- Opiate peptides
 - control of PRL, GH and TSH, 381
- Parathyroid hormone
 - non-response of 1,25-dihydroxycholecalciferol to, 403
- Perimenopause
 - pituitary-ovarian function in, 245
- Phaeochromocytoma
 - with adenoma in acromegaly, 605
- Pineal enzyme
 - activity at post-mortem, 75
- Pituitary function
 - in prolactinoma, 335
- Pituitary-ovarian function
 - during the menopause, 245
- Pregnancy,
 - β -LPH and β -endorphin in, 409
- Premenstrual syndrome
 - steroids in, 1
- Progesterone
 - levels in the premenstrual syndrome, 1
- Prolactin
 - in prolonged lactation, 349
 - opiate control of, 381
 - pulsatility with gonadal dysfunction, 387
 - response to metoclopramide and chlorpromazine, 375
- Prolactinoma
 - pituitary function in, and effect of surgery and bromocriptine, 335
 - tests of hypothalamic-pituitary function, 133
- Propranolol
 - before thyroidectomy in hyperthyroidism, 597
 - effect of thyroid hormones in T3 toxicosis, 621
- Pseudohermaphroditism
 - 5 α -reductase deficiency in, 459
 - testicular function in prepubertal males, 11
- Pseudohypoparathyroidism
 - non-response of 1,25-dihydroxycholecalciferol to PTH, 403
- Pseudotumour
 - and lacrimal involvement in hypothyroidism and Riedel's stroma, 63
- Puerperium
 - oestrogen-gonadotrophin feedback, 257
- Recovery mechanisms
 - from hypoglycaemia, 425
- Red cell age
 - relationship to erythrocyte and monocyte insulin receptors, 269
- Renal failure
 - vitamin D metabolites in, 225
- Renal impairment
 - with Conn's syndrome and treatment of, 105
- Renal transplantation
 - testicular function after, 527
- Renin
 - diurnal studies of, 213
- Resistant ovary syndrome
 - inhibition of gonadotrophin secretion, 99
- Riedel's stroma
 - orbital involvement in, 63
- Rickets
 - resistance to vitamin D, 395
- Sex hormone binding globulin
 - in angioedema, 562
 - effect of ethinyloestradiol on, 237
- Spironolactone
 - and captopril treatment in Conn's syndrome, 105
- Steroids
 - in premenstrual syndrome, 1
 - testicular, effects of ethinyloestradiol, 237
- Subfertility
 - endocrine assessment in, 493
- Testosterone undecanoate
 - clinical efficacy in hypogonadism, 625
 - in hypogonadal men, 49

- Testicular failure
 - prolactin response to metoclopramide and chlorpromazine in, 375
- Testicular function
 - after renal transplantation, 527
 - in prepubertal male pseudohermaphroditism, 11
- Thalassemia
 - endocrine function in, 165
- Thyroidectomy
 - for Graves' disease and effect of LATS-protector, 181
 - in hyperthyroidism, 597
 - metabolic response in propranolol-treated patients, 445
- Thyroid function
 - neonatal
 - effects of iodine deficiency, 295
- Thyroid hormones
 - in acute myocardial infarction, 367
 - in chronic alcoholism, 113
 - in Graves' disease, 555
- Thyroid membrane
 - binding by Graves' immunoglobulins, 301
- Thyroid stimulating antibodies
 - in Graves' disease, 579
- Thyroid stimulating immunoglobulin
 - determination of, 83
- Thyrotoxicosis
 - and gastrin levels, 125
 - LATS and LATS-protector in, 631
- Thyrotrophin
 - opiate control of, 381
 - release from prolactinomas evaluating dopaminergic regulation, 133
- Thyroxine binding globulin
 - in chronic alcoholism, 113
- Toxicosis
 - T3, effect of propranolol on thyroid hormones in, 621
- Vitamin D
 - metabolites in chronic renal failure, 225
 - rickets and alopecia resistance to, 395
